 [erenakarsubasi](https://t.me/erenakarsubasi)

EMULATOR	SOCKET
WHITE	A4
BROWN	A3
GREEN	E1
YELLOW	E2
BLACK	H1
RED	D1

Outlet NOx, PM, DCU and pump sockets must be removed

**You can remove the Dacia Lodgy DPF.**

It is necessary to remove the DPF differential pressure sensor output pipe from the sensor and close it by screwing it onto the exhaust pipe.

After this process, you can remove the DPF filter
